State bonds were quiet; sales included Tennessee

The general bond market, as a rule, presented a firm tone, but the business was small except in a few instances. The special feature was the large sale of \$2,000,000 in West Shore and Buffalo 5s and the sharp advance in their price from 53 3/8 to 54 1/8.

As a reason for the advance it was reported late that the funding scheme was making satisfactory progress, in that nearly one-half of the amount had been accepted. North-western debenture 5s were active at unchanged figures, but Burlington and Quincy debenture 5s were 1/4 at 95. East Tennessee, Virginia and Georgia 4s were up 1/4 at 75. Erie, Lackawanna and Western seconds were firm at 100. St. Louis and Iron Mountain 4s sold ex interest at 70 1/2.

Louisville and Nashville general 6s, after 95, were steady at 94 1/2. Missouri, Kansas and Texas general 6s were easier at 77 1/2. Texas and Pacific incomes were off 1/2 at 46. Denver and Rio Grande consols declined 1/4 to 62, and later were quoted at about 60, and the Western extension firsts were off 1/2 at 48. Washburn general 6s were 2 percent lower at 48. Northern Pacific firsts were strong at 104 1/2 to 105 1/4. Oregon and Transcontinental firsts were up 1/4 at 76, and the latter advanced to 77 1/2.
